Notes: Doesn't include any courses that have been added to the Master Schedule Report Course Exclude Table: (possibly Co-op tie-in courses, Resource etc.)

Any CHV2O and GLC2O courses have been changed to .5 Credit Value. This is 'hard-coded' into the app to avoid an additional table. This is likely correct, but if incorrect you will have to adjust totals accordingly

If a semestered school and some courses occur year-round, they will be listed on this report only in Sem 1, not in Sem 2. Keep this in mind if balancing/reconciling.
